

CPOP results 1: four main data

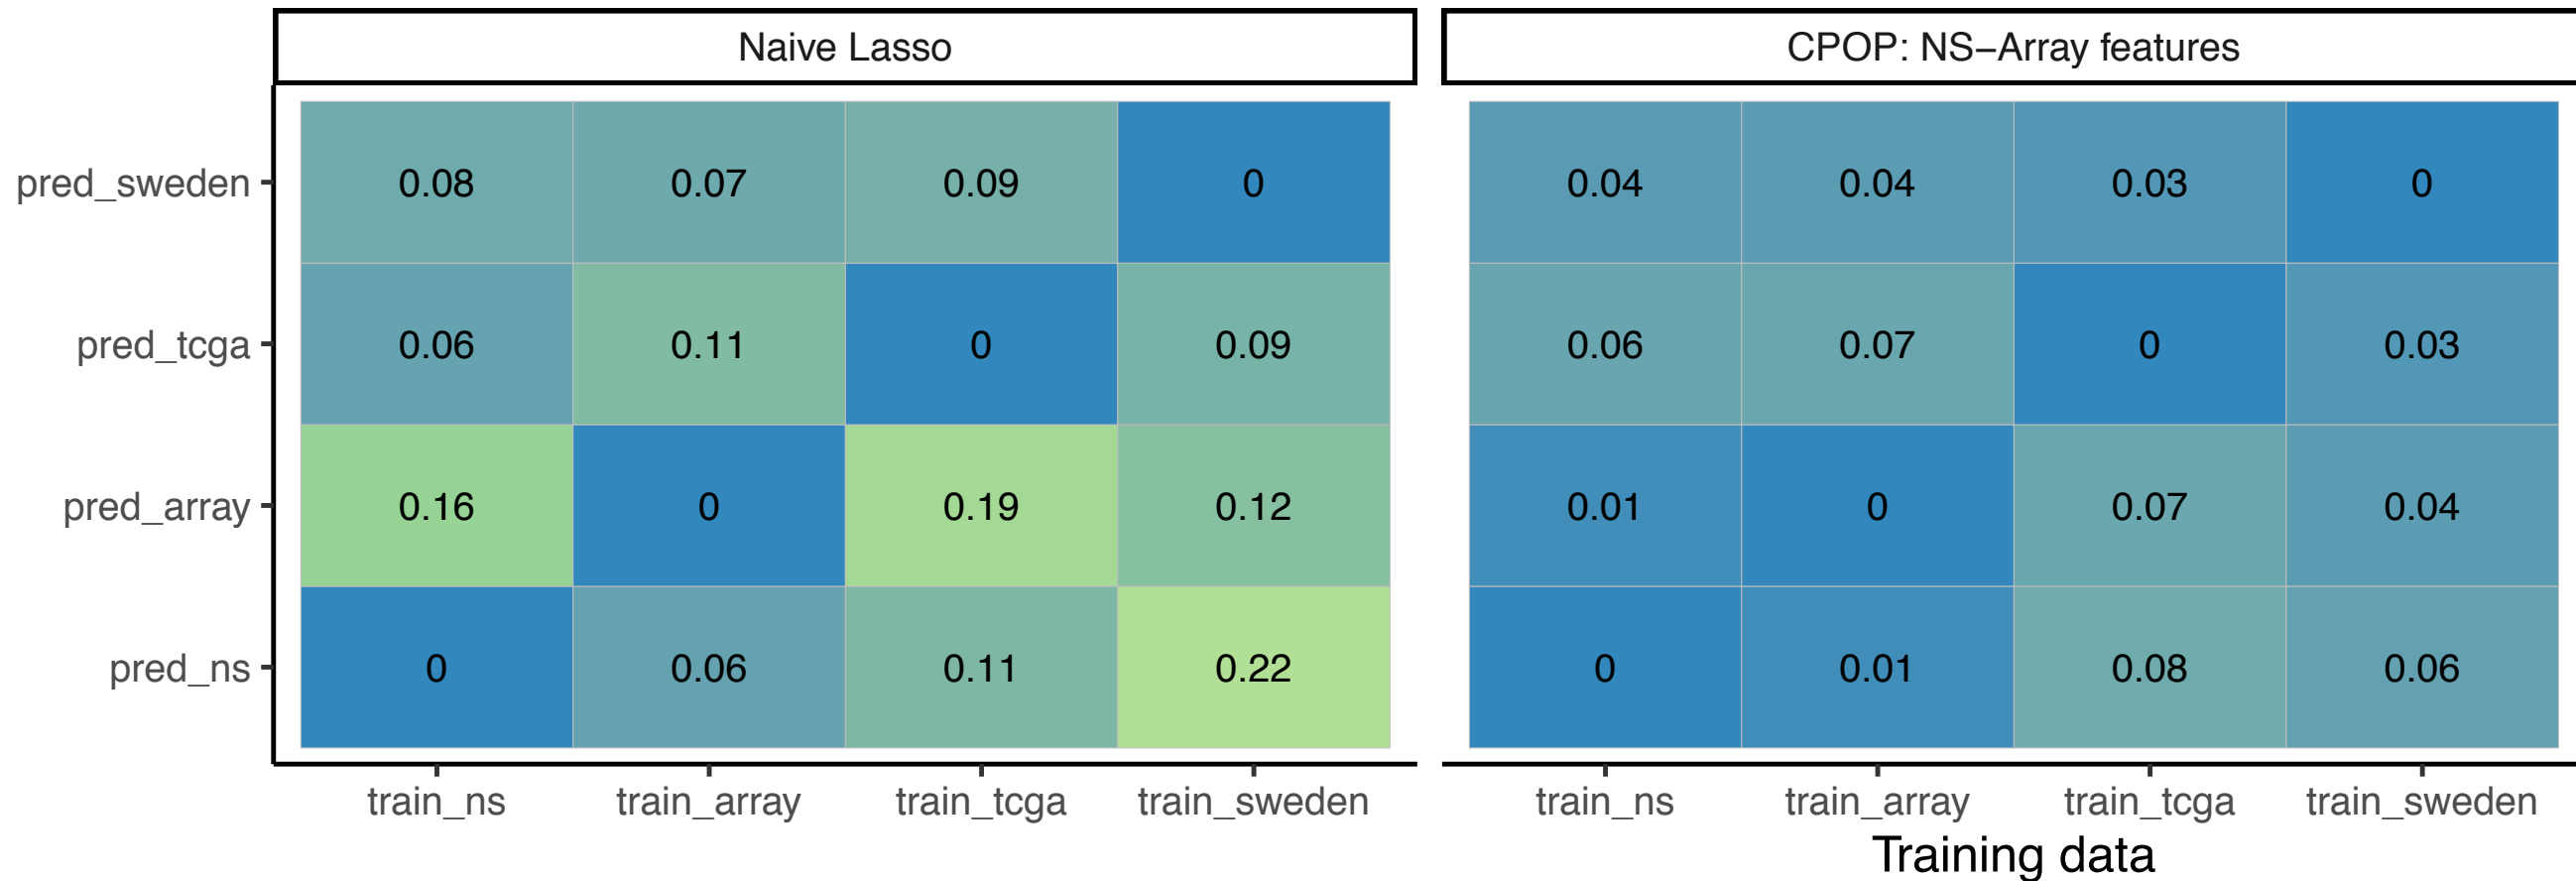

1. Predictive
performance of
CPOP matches
that of re-
substitution

2. Smaller identity
distance
between
predicted
values

F1 classification statistic under various models

Identity distance between predicted values under various models

May 2019

Validation datasets
independent of
feature selection

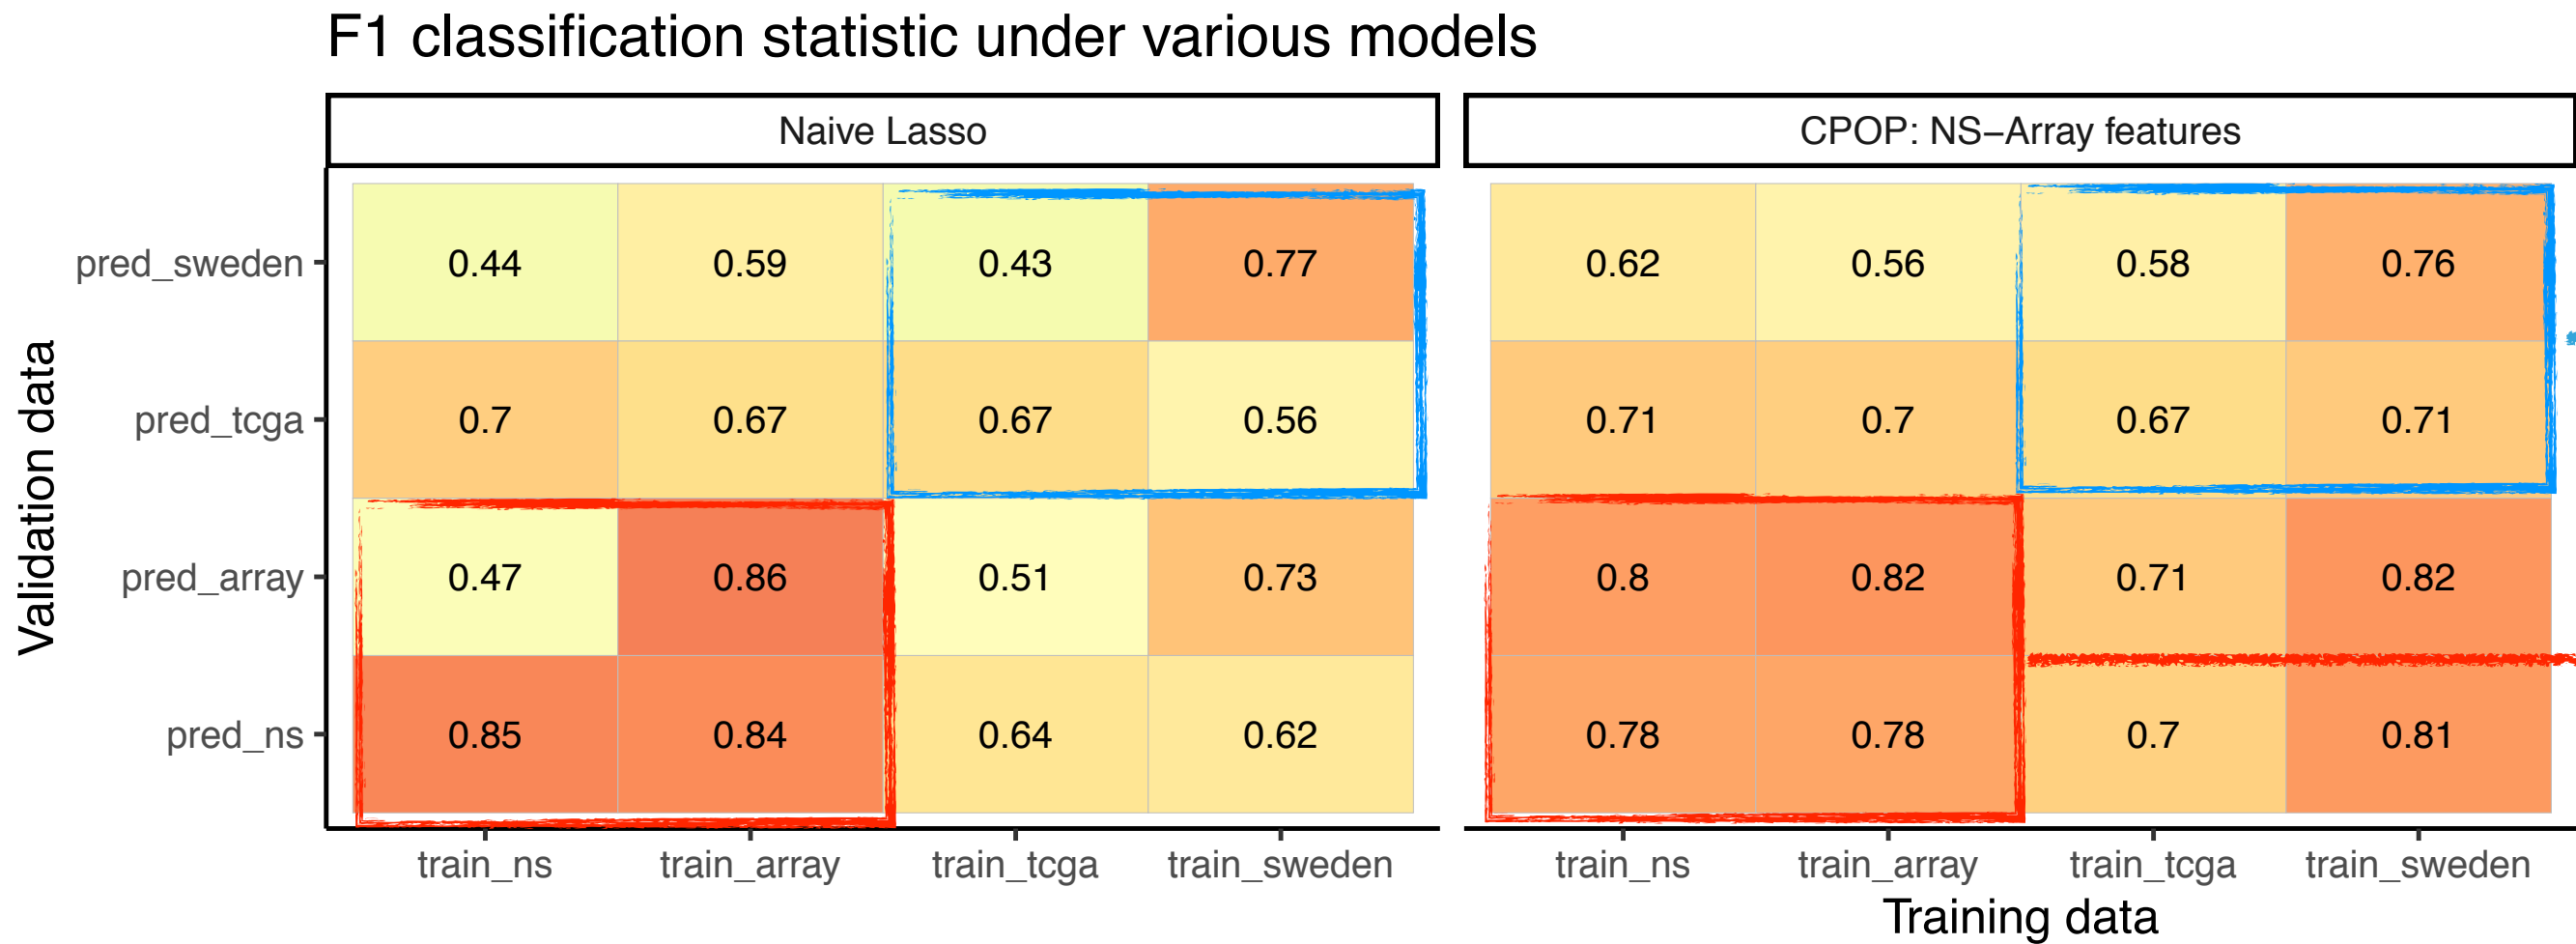

Datassets for feature
selection

CPOP results 1: four melanoma data

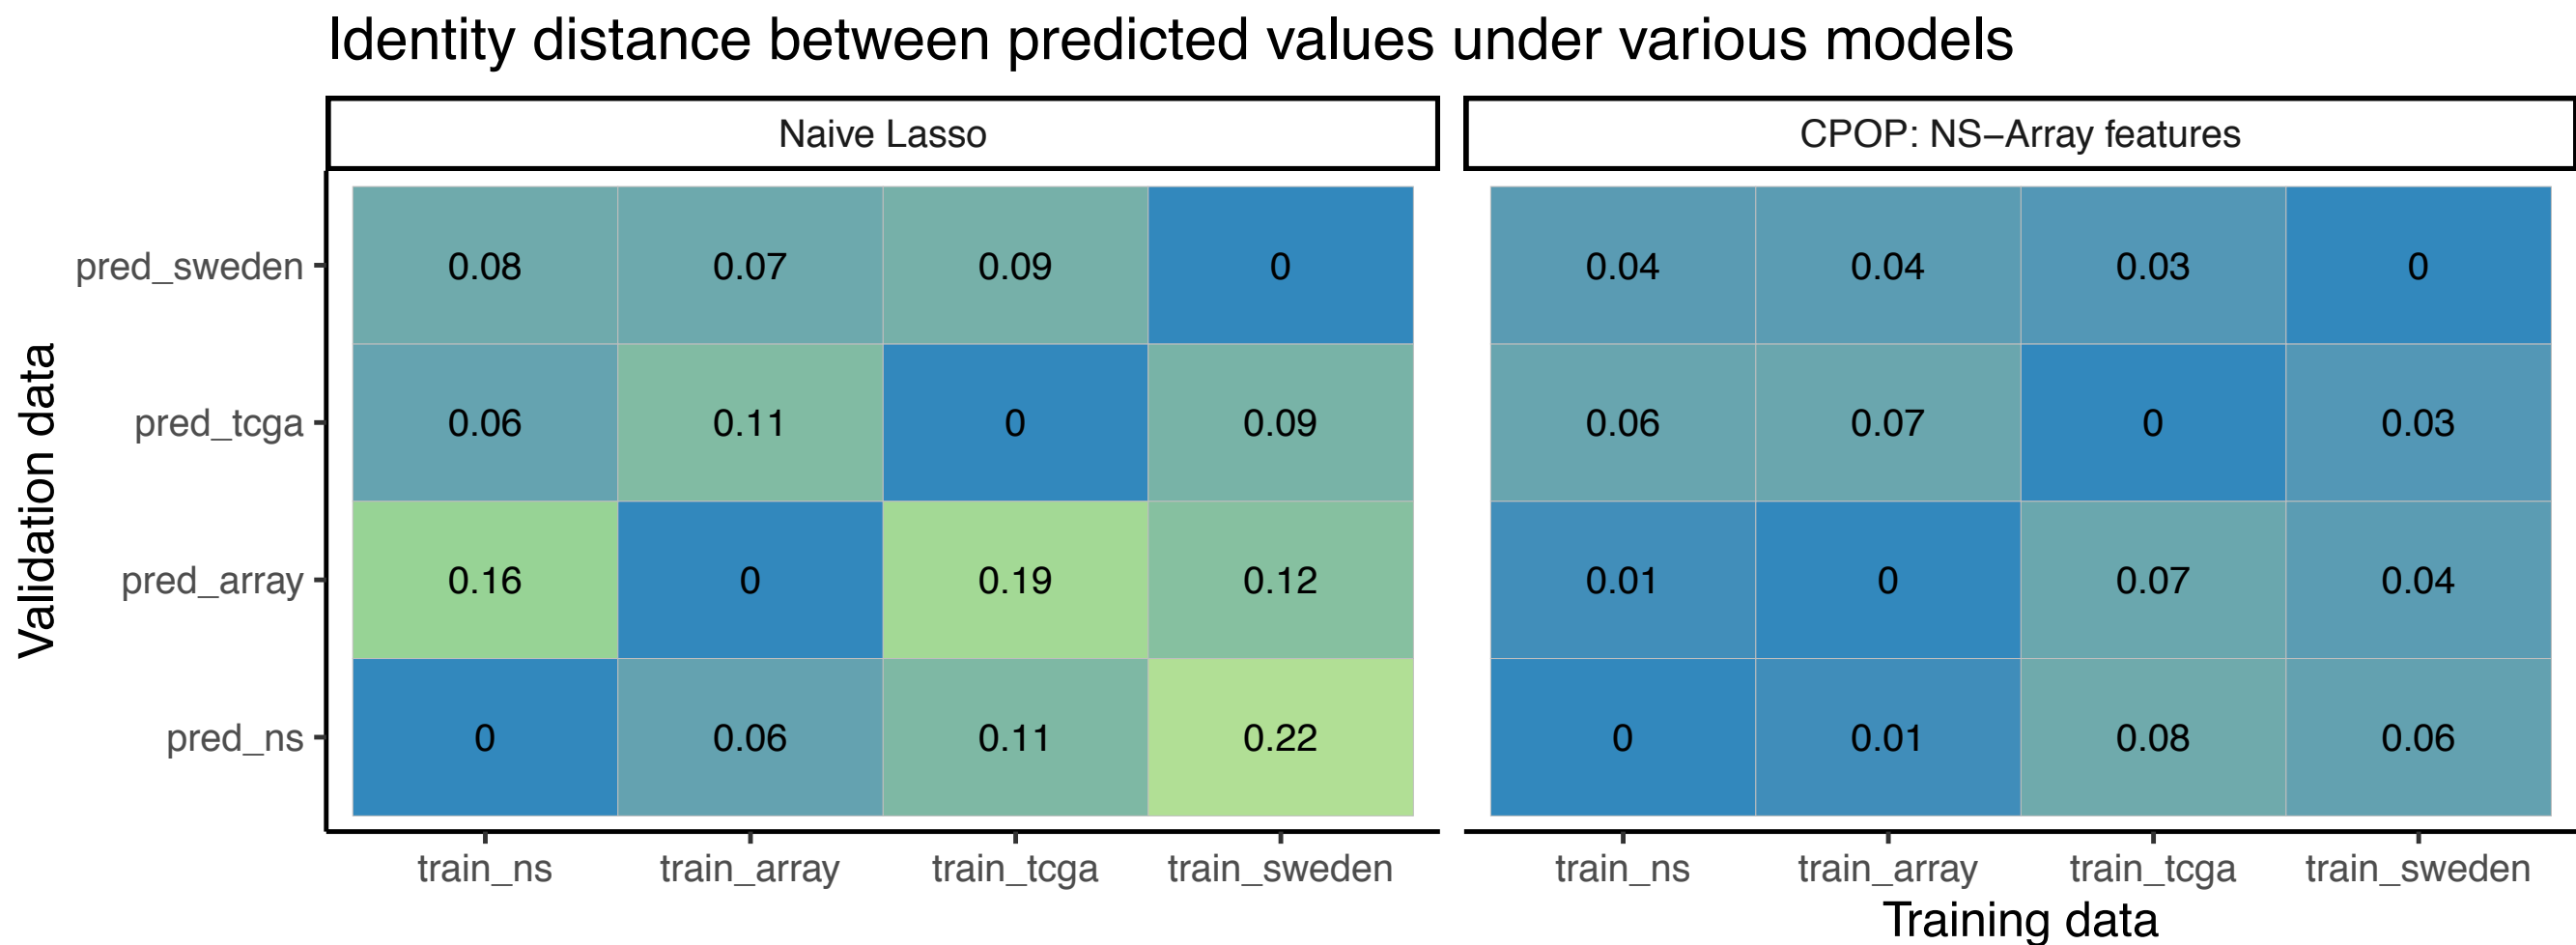

1. Predictive performance of CPOP matches that of re-substitution

Validation datasets independent of feature selection

Datasets for feature selection

2. Smaller identity distance between predicted values

CPOP results 1: four melanoma data
